

IT-48WC™

Self-Recycling Partswasher / Weapons Cleaning System

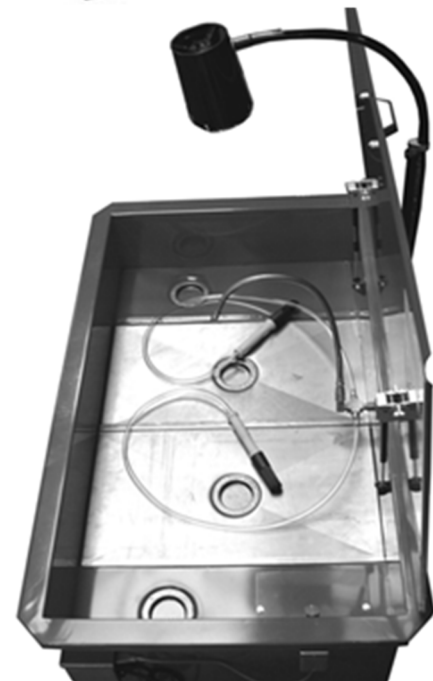

PRODUCT DESCRIPTION

The Inland Technology **IT-48WC™** partswasher/weapons cleaning system is designed for high volume usage. It has a dual-system design, which allows a number of individuals to clean weapons or parts simultaneously.

The **IT-48WC™** is equipped with Inland Technology's **EDGE TEK™** filtration system, a unique element which filters down to .1-micron nominal. When properly managed and used with Inland Technology's selected family of green, environmentally compliant solvents, **BREAKTHROUGH®**, **SKYSOL®** or **SKYSOL® 100**, this system will generally extend solvent life for several years.

Specifications
